For Immediate Release**EAGLE POINT SOFTWARE PARTNERS WITH GRAITEC**

Dubuque, IA – February 14, 2022 – Eagle Point Software, creator of the Pinnacle Series e-learning solution, has announced a partnership with GRAITEC, a global BIM (Building Information Modeling) provider and developer of software for architects and structural engineers.

"We are very excited to partner with GRAITEC, a leading Autodesk partner and a company with enormous global reach," shared John Biver, President and CEO of Eagle Point Software. "GRAITEC's track record of success with companies that concentrate on construction, manufacturing, fabrication, and other industrial applications is impressive and matches well with new areas of focus for Eagle Point. Our team is excited for this partnership to commence, as together our two companies will enable clients to increase their productivity and efficiency across a wide variety of industries."

Pinnacle Series is an [AEC & manufacturing e-learning solution](#) that features a comprehensive library of videos, documents, and other manufacturing development resources that enable long-term employee training, on-demand problem-solving, and digital transformation.

Laurent Laforest, CMO of Graitec, shared, "We are delighted to associate our brand with Eagle Point and are excited for this partnership. We look forward to a strong collaboration in the future and are excited to embark on this learning journey and to offer a unique training experience."
